Mr. Peyton,

In regards to the "Directions 101" program of which you presented to the Kentucky State Police Driver Testing Branch, we are excited to advise you that the Kentucky State Police is eager to participate. We feel that this program is very inovative and one that will educate students across the state and one of which the Kentucky State Police is proud to be a part.

The request to participate was approved by the Commissioner of the Kentucky State Police, Mark L. Miller. We believe this program will improve Highway Safety and improve the education of student drivers across the state.

It is our understanding that this program will include a copy of the Kentucky Driver manual copied verbatim at no charge to the Kentucky State Police and given to High School Students across the entire Commonwealth of Kentucky.

We are currently in the process of getting the Driver Manual updated with the newest law changes and will inform you when these changes are complete.

Thank you for informing us of this important program and allowing us the opportunity to participate.

Sincerely,

Captain Kelly McCloud
Commander, Driver Testing Branch
